PRIVATE LIMITED

# About us

## REPL equals QUALITY

Established in the year 1989, Rajeev Electronics is a trusted industry name for manufacturing and supply of electronics like SMPS Adapters, SMPS Power Supplies, Linear Adapters, CCTV Power Supplies, Mobile Chargers, Cables.

In 2010, we expanded our portfolio to LED Profile Lights, PIR & IR Sensor-based Switches for Lighting, Sensor-based Lights, ODM Services and OEM Services.

In our 30 years of industry presence, we have remained one of the most reliable manufacturers and suppliers in the electronics industry as we implement stringent quality control measures to ensure that our products are reliable and satisfy our client's demands.

### MISSION

We at Rajeev Electronics (REPL) recognize that our customers are the preservers of the organisation, hence it is our duty to give them the best quality possible.

### VISION

Only constant for us has been our vision, to provide safe, reliable and high quality products and services to our customers.

### PORTFOLIO

SMPS Adapters, SMPS Power Supplies, Linear Adapters, CCTV Power Supplies, Mobile Chargers, USB Cables, AUX Cables, LED Profile Lights, PIR & IR Sensor-based Switches for Lighting, Sensor-based Lights, ODM Services and OEM Services.

# Values

Build sustainable  
growth through  
Innovation

Continued  
improvement for  
better products

Provide open  
environment of  
communication

Integrity driven  
by responsible  
accountability

Safety is  
paramount and is  
not compromised

# Manufacturing

## F A C I L I T I E S

### Your Idea + Our Machines = Your Product

We provide Contract Electronic Manufacturing service which includes services like PCB fabrication, designing, and engineering subassembly & assembly manufacturing, testing, etc.

- The 1500 + 7000 sq. ft. production area facilitates manufacturing of products from the R & D stage to the final delivery stage, thereby covering the entire value chain.
- We offer end to end product solutions under two business models, i.e., the OEM and ODM.
- We provide services ranging from global sourcing, manufacturing, quality testing and packaging to logistics to OEMs across our product verticals.
- Under the ODM model, we develop and design product then undertake manufacture and supply these products to companies in India who in turn distribute these products under their own brands.

# Resources

## MACHINES

- Prototype Production
- SMD Assembly
- THT Assembly
- Reflow Soldering
- Jumper Wire Insertion Process
- 

## HUMANS & LAND

- 30+ years of combined experience at leadership level in product planning, quality, production, development of electronic products.
- Line Supervisor, Quality engineers, Team leader having 5 to 15 year experience in PCB Assembly manufacturing.
- With 1500 + 7000 sq. ft. production area and warehousing facilities enables the manufacturing of products as well as storage of the production.

# Machines

**Solder Paste  
Printer**

**Pick and Place**

**Reflow**

# Machines

AI Production Line

Wave Solering

# Machines

**Axial Cutter**

**Radial Cutter**

**Fiber Laser Marking**
